Soft Skills: Leadership and team collaboration, customer service and communication, adaptability, and proficiency in Spanish.

EXPERIENCE

Thinkful

Online

Engineering Program

02/2023 – 12/2023

- Learned industry best practices and software development standards with a focus on Javascript, HTML5, CSS3, React Native, Node.js, PostgreSQL, RESTful API's, algorithms, and data structures.
- Developed and deployed mobile-first applications while learning new languages and frameworks, spending several hours per week collaborating with and learning from senior web developers in a mentor-student relationship.
- Produced professional projects from concept to completion including:
 - [Flashcard-o-matic](#) | Assembled the functionality for users to create, delete and edit flashcards for studying. Involves complex routing over multiple components. Coded using React.
 - [Recipe Tracking App](#) | Created a user-friendly interface for users to input recipe details. Implemented efficient recipe functionalities allowing users to view and delete the recipes that have been created.
 - [Grubdash](#) | Built a restful API to create, read, update and delete data provided from the client.

Powerhouse Fitness NC

Burlington, NC

Owner

12/2021–Present
